Para 1st No general rule having hitherto been observed in regard to the manner of bringing to account Remittance of Treasure dispatched —

from one Station to another - some Collectors being accustomed to enter the same in account at the period of their despatch and others to delay doing until the receipts of the Person to whom it is sent, arrive. I have to request with a view to establish uniformity in such cases that all Remittances of specie may henceforth be charged in account to the debit of the office whither the Treasure is forwarded at the date of its departure from your Cutcherry

2d. The prescribed receipts may be obtained afterwards, and transmitted in course to the proper office -

3d. I request you will acknowledge the receipt of this letter, and adopt on all occasions of Remittance the instructions it conveys -

Para 1st. Sir.

I beg to request you will report to me on what principle the English monthly account of your Collections is framed, - whether for the actual Collections within that period only to which the account professedly applies - or for all the Sums realized up to the date in the ensuing Month when the Accounts of the preceding Month are closed, or with reference to the Native Months, or periods of reckoning falling within our calendar Months -

2nd The enquiry is made because it is believed that each of the above Methods is in partial use, and because it has become desirable, from an experience of the inconvenience arising from the existence of various systems, to establish a general rule of proceeding on this matter for every collectorate -

3d. I request the information may be communicated at your earliest convenience and that you will at same time report in case to may not hitherto have been the practice of your office to

frame

frame the English Accounts according to the actual Collections from the first to the last day of each Calender Month whether any inconvenience will attend the adoption of that rule henceforth -

Cusbah Talloor Keleecoor 1st March 1814 — } (Signed) J. Turnbull Asst. Surveyor Revenue Dept.

To the Collector of Madura and Dindigul —

Sir

The inconvenience continually experienced by the practice generally prevalent in the Offices of Collectors, of entering the charge of commission on the Collections according to the Fusly year, instead of the official year, and of drawing out the Statements of Commission in the same way (as the repeated communications on those points must have evinced) induces the issue of this general address on the subject, the object of which is to notify distinctly that all the Commission Accounts of the Revenue Department are adjusted in the Public Books kept in this office by the official and not by the Fusly year; and further to request that generally to this principle you will henceforth invariably enter all payments of commission and likewise the credits for repayments, to the head of Salary &c of the official year to which the sum belongs thus the commission of the current year will be charged and the repayments when they occur will be credited, to the Head of Salary and commission of the year 1813/14 —

2 Arrears of commission will in the same may be charged a their proper proportions to the official year to which the sums composing the arrears respectively belong: as salary and commission of the year 1811/12 or 1812/ or 1812/13 otherwise, as the cases shall require—

3. I am aware that the Civil Auditor adjusts the commission of collectors by the Fusly and not by the official year. To regulate his branch of duty, that office will of course require such statements as he finds necessary. But for the purpose of this office, and the transfers of the Transactions of the several collectorates into the Public Books, it is needful to leave the heads of account the separate statements of commission forwarded hither regulated by the different rule of the official instead of the Fusly year.

4th I request you will acknowledge the receipt of this letter and adopt from the period of its arrival the instructions it conveys—

The first Claim on the Register which accompanied your letter has been rejected as the two Sons of the late Vencataramaniah who are the only persons of the family left by the Deceased who would in any case be entitled to receive relief from the Fund, must from their Age be amply able to support themselves and their own immediate families

You will hereafter receive instructions regarding your Application in favour of Ramsing Rajahpoot peon.

The Committee request that you will supply in your office the omission in the Certificate of the Names of the persons provided for; and that you will report the names so supplied in order that they may be inserted in the Register of Certificates kept in this office

To the Collector in Madura

Sir,

After a lapse nearly of two years for the first time you bring you bring forward a charge in your last quarterly statements of 190 Rupees said to have been the Proceeds of stamp paper sold in June 1812 and stolen from the Zillah Court at Ramnad you must be sensible that it is impossible that I can under the provisions of clause IV Section IV Regulation IV A. D. 1808 admit this or charges of a similar nature

Under these circumstances you will I presume admit the impropriety of introducing such charge in your accounts previously to your obtaining the authority of Government for so doing I must therefore request that it may entirely be with drawn from your accounts as under the circumstances I have stated you cannot possibly expect to be allowed to take credit for the amount.

The humble Address of the Prethaunee Teagarauja Pillay

Respectable Sir

According to the usual Custom whenever I come to Madura, I went into the Fort, at half after 6 o'clock in the Evening of the 27th Instant according to your orders, with the Kist Money, for the purpose of paying my respects to your honor, and the Judge, and put up at the quarters, I usually occupy in the Fort When I entered the Fort Gate, no Interruption was given to me, but at half after 9 o'Clock, a Jemidar and two Havildars came and told me that Lieut. Higgins the Fort Adjutant, had desired them to tell me to send over my Musicians to

to him — They were gone to get their victuals but before they arrived, the above Jemidar and Havildars went away — Half an Hour after they came back and required to know, if they had arrived I told them they would come in a short time, — but they said that they were not obligated to wait until then and having a Guard at the Door of the House the Jemidar desired me to get up and go out of the Fort and made attempts to inforce the same and lay violent hands upon me. In the intrival, while I was preparing to set out and come to the presence, the two Havildars went into the room where the Treasury for the payment of the Circular Kist was kept and took away two Swords, and a Sword cane, which was kept on the Treasury box Seeing this, I asked them, whither the Commanding officer had ordered them to enter my House, to take way the arms which was kept in the Treasury box and offer violence towards me; — and then on leaving the place, came strait to the presence — after which the said — Gentlemen ordered the Gate to be Shut at 10 o'clock, and give orders for me, or any of my servants not to be permitted to enter the Fort —

Streenivausaga Pundit, the Government Pleader — Soobarow, the Zillah Court Sheristadar; — and Mootheya pillay, the Pleader were present at the above Transactions and the Darogah Iyapillay and the Tasildars Duffadar Mohomed Aleef, saw the Guard come to my Gate —

In consequence of the affront offered to my person, I have not taken my victuals since yesterday morning; and cannot do it, until performing my religious Ceremonies in the Covil within the Fort — I have presumed to lay my case before your humane considera-tion and most humbly beg, that out of your known humanity and Justice, redress might be granted to me that orders might be issued for my passing thro the Gate according to custom, — and for my now entering the Fort to prepare and transmit the Circular Kists. —

Madura 28th March 1814 —

To Rouse Peter Esqr.
Collector &c. &c. &c.

Respectable Sir,

I beg leave to inform you that I proceeded yesterday to Keelacurray (which is a large and populous town situated on the Coast) for the purpose of taking a particular Survey of it, as well as to Collect such information relative to form a description of the place, and also to extend the Survey of the Coast from Kannjarengoody station westward to the limits of the Shekull Tallook which terminates the Keelacurray boundary, I am sorry on this occasion to report that I could get no assistance or attendance by the people there to aid me in the execution of the duty entrusted to me to perform I however waited there the whole of this day in hopes to complete the survey of that portion but from the wanton negligence of the people there I could not have pursuaded them to give there attendance as they turned out the deloyet and a Zemindars peon whom I sent to inform the Umblacauren & Curnam the business I was directed by my superiors to execute — during my stay at Keelacurray they even shut up the Bazars, that we may not be provided with supplies on a plea saying all the people are gone to pearl fishery. In consequence of which we compelled to leave the place and move here in order to loose no time to proceed on the survey of the Coast Eastward from Kannjarengoody Station towards Moothupettah, on the Island of Ramaserum.

The Survey of Keelacurray is now at a stand. I therefore beg your goodness will be pleased to send such instructions as you may deem necessary to enable us to finish (before we proceed too far to the Eastward) the portion that is left at a stand —

I further take the liberty to solicit your permission that we may be directed to take a particular survey of the Islands that be 6 or 7 Miles along the Coast and that instructions be sent for one or more Boats to be furnished us with the required aid, that we may thereby be enabled to determine the survey of those Islands with Some degree of precision —

To The Collector of Madura

Sir,

Having just been informed by Anawsawmy your Head Servant in the Cutcherry here that he will require a Guard on the morning of the 18th Instant to march to Madura for the purpose of escorting some Revenue money as I have not received any official communication from you on the subject and on requesting Lt. Isake to give me over any letter he might have received from you, he told me a letter had been received but which he had either lost or torn. I have in the mean time given your Head Servant the Guard he requires and will be extremely obliged to you will have the goodness to send me a few lines directing me to furnish your Head Servant with a Guard when ever he should deem it necessary that the letter you send me should be kept as a public record and delivered over to the next officer who relieves me and which will exculpate me from all censure in future in furnishing a Guard without a Written application as often as your Head Servant may require one.

Sir,

I hasten to communicate to you the intimation you request in your letter of to day, by stating that I do not intend to furnish a Havildar's guard though I undoubtedly shall provide one of inferior strength.

If as you insinuate, I am unable to judge of the guard that may be necessary, it must be owing to the want of sufficient information from you on the subject, as your requisition is the only public ground upon which I can form an opinion. I beg leave however to refer you to the order of Government on the subject of requisitions, by which I trust you will be satisfied that the quantum of force, is a point on which the Military officer is to decide.

Revenue Department

Sir,

Para 1st I have the honor to request your reference to the letters from this office respecting the preparation of the annual accounts of your District under dates 12th April 1810 and 22nd April of last year and to beg that agreeably to the instructions they contained. you will as soon as practicable After the expiration of the Current year 1813/14 have prepared and transmitted to this office

office the actual statement for that period the regular Estimate for the ensuing year 1814/15 and the Comparative statement of this year with the requisite explination of Differences - you will be pleased to transmit those statements in succession as they shall respectively be ready -

2d. I beg to request your particular attention to the early and accurate Completion of these several Documents, and to the insertion in the Column of Remarks in the last of them the required explination as to the differences which it may exhibit between the Estimate and actual result of the year, both in the Receipts and charges.

3d. It is expected that these statements will successively reach the office by the following dates, and you will be pleased to notify the cause of their detention should they not be dispatched in time to arrive at the specified periods -

Namely
Actual statement by the 1st .... of June -
Estimate by the .... 10th .... Do
Comparative statement 30th .... Do

4th. With reference to the new form of account Current for the transactions belonging to the General Books Circulated in the Month of July last, I have to request that in preparing the actual and comparative statements of last year you will be pleased to cause all the Items of receipts and Disbursments belonging to the General Books to be entered in those Statements according to that new form. the Items subsequent to the date of the introduction of that form will naturally fall under it, but those which happened in the interval between the 1st May and 12th July (when the form began to be observed) must likewise be thrown into the same form, altho in the accounts current of the same period they were entered according to the form then in use - To prevent any Confusion arising from this arrangement it will be desirable that the General Books transactions prior to the 12th July should be entered in seperate lines (though under the same heads) from the transactions after that date in the following manner - for Civil Fund subscriptions for instance, on the receipt side -

Collected from 1st May to 11th July .... ——
12th July to 30th April .... ——
and for Civil charges on the Payment side ——
Payments from 1st May to 11th July .... ——
12th July to 30th April .... ——

5th I have further to request that the items under General extraordinary charges may be stated in detail, instead of being like all other Items in abstract in order to facilitate the subsequent disposition of those items to be made in this office—

Respectable Sir

I have the honor to acknowledge the receipt of your letter of the 24th Ultimo enclosing a translate of a representation made by the Peshcar of Trimungalum relative to an extent of land pertaining to Pooliancolum to have been included in the Survey of the Ramnad boundary by the Inhabitance of Kelavanary – on this subject I beg leave to report from the communication made to me by the assistant Surveyor employed in the Pullimuddum district, that the Inhabitants of the latter having had previously to the Survey been directed to plany Signals along their boundary as well as the other Inhabitants depending on the borders of that District but when the survey was in prosecution opposite Pooleancolum, the flag was observed by the asst. Surveyor on the spot, to have been placed about 15 feet north of the boundary stone and to the extent of about half a mile in length the consequence of this Encroachment, that had been made by the Inhabitants

of Kelavanairy has been immediately remedied by the survey having been taken accordingly as the two bound stones were observed - the people of Poolaincolum had not attended while the survey was either in procecution, or any time after, as they would have otherwise been made acquainted with the process of the survey -

I further beg leave to report that the Asst. Surveyor Perara whom I deputed on my leaving Ramaserum to proceed to the Survey of the Islands opposite Moottoopettah and Keelacurray returned here a few days ago with a severe attack of the fever after having effected the Survey of a few Islands adjacent to Ramaseeram -

I humbly take the liberty to remind your goodness for the supply of my last indent especially for the Elephant Royal Paper, which is indespensably required for preparing the General map of this extensive Zemindary -

I herewith beg to enclose the abstract for the allowances of the Asst. Surveyors Employed in the Pullemaddum District and further beg to Report that they have joined me yesterday

I have the honor to acknowledge the receipt of your letter dated the 9th Instant accompanied with an Extract of a letter from the acting Surveyor General dated 25th October 1812 for any future guidance –

I beg leave to report that we have measured a great part of the buildings in the Palace, but several apartments of the Public buildings are shut, and sealed by the authority of the Judge and Magistrate of Madura; how a Plan of these Buildings are to be effected; I shall wait to receive your instructions. This Morning after having taken a Plan of the upstair building we proceeded to the one called Curringulltotee on the wall of which we observed a public notification of the Judge" that the Family of the late Zemindar as to quit that building notwithstanding this order, the family still continue to occupy the Place, Consequently we are not admitted to take even an outward measurement of the Curringculltotee and thereby we are occasionally delayed by the buildings being shut, and others occupied, I therefore beg that you will be pleased to cause an order that those buildings that are shut, and sealed with the impression of the court seal, to be opened while we are at the palace, in order to enable us to take an accurate measurement of the whole, to shew distinctly a correct Plan of the Buildings as they are situated within their respective enclosures and walls that surround them –

To the Collector of Madura

Sir,

I have had the honor to receive your Letter of the 15ᵗʰ Ultimo on the subject of the missing Letter, despatched in the Packet of the 28ᵗʰ of November last, from Ramnad to Palamcottah in address to one Summonottayar at Tutacoryn —

2ᵈ From the enquiries, I have made, it appears that the letter in question was received at Palamcottah on the 1ˢᵗ of December and on the same day forwarded to Tutacoryn, the Post office Writer there also appears to have entered it in his Books, as received but with a direction different to what it was stated in the list to have borne, it is registered by him in the Name of Mohedeem Cotty Pillah Shamatty, to when he declares having delivered it on the 2ᵈ of December agreeable to a receipt which on my demanding, he has produced —

See the enclosed Extract

3ᵈ Of this man, Mohedeem Cotty Pillah Shamatty, I cannot however Collect any Information except from the Post office Writer who states that he is a merchant who came from Travancore to Coelpatnam, a Town about 10 Miles south of Tutacoryn, but on my endeavouring to see him to ascertain whether or not he had received the Letter, I was again informed by the Writer that he had a few days before left the District and returned to his Country the People of Tutacoryn seem to have no Knowledge of such of a Person having been in their neighbourhood, and I have not yet been able to discover in whose house he resided at Coelpatnam; my suspicions therefore from these Circumstances as well as from the enclosed Copy of a Malabar Petition, lately presented to me by Roy Mootter Shamatty are strongly excited against the Writer, and although proof is wanting to

of convict him, I can no longer consider him trust worthy in such a situation and have in Consequence removed him from office -

4th In the Accompanying Petition it is stated, that adapa Chetty an Inhabitant of Raudcottah in the Ramnad District has acknowledged having received one of the Bill, supposed to have been enclosed in the letter from the Post Office Writer, and it would be satisfactory, if you would therefore send for this man, and ascertain how far of what is related of him as being concerned in the negotiation of the Bill, is correct, and what proof he can bring against the Writer -

5th Gabriel De Voute the Post office Writer is the Father in law of Roz Mooto Saumatty, the Person to whom the Bills were directed -

To the Collector of Madura

Sir,

I have the honor of forwarding to you Copy of a letter from the Board of Trade desiring me to communicate and jointly with you to frame a report upon the operation of the late Regulations of 1812.

In compliance with the Boards order I beg to make the following report on the principal points —

1st What are the principal articles of Export from your District.	1st The principal articles of Export from this District are Piece Goods, Grain chank and Cotton —
2. and of Imports —	2. The Imports of Grain, Rawnuts Coconuts, Pepper, Boiled Nuts and Palmirah
3. Has the Export increased or decreased within the last two years —	3d The Exports amounted in 1811/12 to arcot Rupees 127058. 3. 70. In 1812/13 to Ditto 168727. 12. 40. Total increase A. Rupees 41669. 8. 50.
4th Has the Imports increased or decreased within the last two year —	4th The Imports of 1811/12 were Rupees 53577. . 19 In 1812/13 43393. 3. 20. Total decrease Rupees 10183. 9. 67.
5th If less to what cause attributable —	5th The Great scarcity of rain for the last two years has impoverished the Country so much that the Inhabitants are unable to go to any expence in purchasing articles excepting for food —
6th Do you consider that the Export or Import would be increased by a	6th Allowing a reduction of duty to take place in the Exports and Imports

reduction of duty— | no material increase of Revenue can happen at any of the Ports in this District—

7th Do you consider the exaction of Land duty at 5 ₩ Cent in respect to Piece Goods to bear too hard on the manufacturing class

7th Decreasing the Inland Duty of 5 ₩ Cent on Piece Goods would certainely be of very great benefit to the manufacturing class but the loss of Revenue to the company would be immense for the first few years

To the above I would most certainly recommend that the Land and sea Tariffs should be a like to prevent much confusion and Misunderstanding—

Revenue Department

To the Collector of Madura and Dindigul

Sir

1st Considerable alterations having been made in the arrangement and contents of the different Heads of Receipts and disbursments which appear in the accounts of the Revenue or Department since the forms of those Accounts now in use were framed a new set of Forms has been prepared in this office adopted to existing circumstances and have the honor to forward herewith a set of the Drafts for your information and guidance—

2d The packet consists of the following papers—

1 a Draft of the new Form of account Current—

2 a. Draft of the new Form of Monthly abstract

3 Draft of the new forms of the Several Accounts particulars required to explain the totals of the foregoing abstract accounts which have been drawn out in a connected series, after the pattern of forms furnished last year by the Board of Revenue for the accounts wanted by them—

3d Prefixed to the last number of the Packet, you will find very particular explanation of the each of the above forms

beside

besides which notes are inserted in most of them, the more distinctly to inform you of their purpose and the mode of preparing them -

4th It is expected that those explanations will prove sufficient to enable you easily to adopt the alterations now prescribed those alterations do not affect the principles upon which the existing forms of accounts are established. The basis of the old and new forms is nearly the same; but the desposition of the parts of the accounts is considerably changed and it may require some degree of attention to introduce those changes the improved method of exhibiting the transactions of your Treasury which it is hoped the new forms will establish, will afterwards render their observance more easy than the present forms -

5th If however any additional explanation be wanted I beg to request that it may be applied for without delay -

6th It is intended that the present forms of account shall be adopted in every district for the transactions of the Current Month which is the first of the new official Year 1814/15.

7th The forms now circulated comprize every account which is required to be transmitted to this office, statedly, except the annual accounts which will be always specifically applied for, as will also any occasional accounts that may be wanted for special purposes, all the quarterly accounts hitherto forwarded are consequently no longer necessary -

8th It being needful as a general rule that all the expenses of the Judicial Department be brought into the accounts of the Month to which they belong I request that if that rule has not hitherto been observed in your office, it may be adopted immediately, and that application be made if needful, to the Judge and magistrate for the transmission of his Indent every Month in sufficient time for insertion in the accounts accordingly. It is immaterial whether the Indent be paid within the Month or not the point to be attended to is that it be inserted in the accounts of the Month to which it belongs

9th It is not intended to interfere with the devision of accounts in the Month of July required by the termination in that Month of one fusly and the Commencement of another. Two separate abstracts and accounts Current with their appropriate accompaniment adapted to the period of the two fuslies embraced by the month must

must be always furnished.

10th You will observe it is prescribed in the instructions under the head of Deposites that every Cash Deposite lodged in the public Treasury of a Collector shall be brought into his Public accounts the rule is to be of universal application and in order to its effectual introduction it will be needful to bring into the account of this Month the Balance of all Money Deposites in the Treasury on the 1st Instant which were not previously entered in the account Current Whatever instructions or rules it may be requisite for Collectors to procure in order to regulate the eventual repayment of those Deposites which it has not hitherto been usual to bring into the public accounts may be applied for in course to the proper authorities but the adoption of the present rule in regard to the introduction of the Deposites into the Treasury account current need not be delayed on that Account.

11th You will perceive that in the Form of account current and abstract now forwarded, only two Divisions of country are provided for this arrangement is founded in the circumstance of the Divisions of Madura and Ramnad which have hitherto been kept seperate in your accounts belonging to the Same general Division of Territory and the distinction being consequently unnecessary. The transactions of the two may hence-forth be consolidated under the Title of Madura and Ramnad and there will then be in your accounts only the two Divisions 1st of Madura and Ramnad which are parts of the carnatic and 2d. Dindigul which is one of the Ceded Countries This arrangement corresponds with the accompanying forms.

12th It will at the same time be expedient to preserve in your Cutcherry such distinct accounts of each Division of the Collectorate as may enable you at all times to supply information respecting them to the Board of Revenue and eventually to afford Notes of the several parts as an appendix to the annual accounts framed for this Office.

13 The date hitherto fixed for the dispatch of the Monthly accounts has been the 8th of the ensuing Month With the view to afford to Collectors the longest allowance for the preparation of their acctts which the duties of this Department will admit the 15th of the succeeding Month will henceforth be established as the date for their transmission after

after the extension of time granted for the preparation of the English accou[nts]
it is expected that every instance of delay beyond the prescribed period
will be specifically reported and account for -

14th In order to secure the Forms of accounts now forwarded from
damage and to have them constantly at hand for reference I request you
will cause them to be bound and lodged carefully in your Cutcherry -

Generals office 20th May 1814 - Acct. Genl

P.S. On reference to the form of the account current and to some
parts of the Drafts of the accounts particulars you will perceive it i[s]
provided that the advances to the Military Department shall be broug[ht]
to account in a form different from that hitherto observed the new
form has reference to a revised regulation on the subject which is at presen[t]
before Government and will probably be shortly adopted. The present
Forms are adapted to that regulation, but until it shall begin to take
effect of which you will be duly apprized the mode of entering the
Military advances prescribed in the form of account circulated in
July last, must continue be followed. In all other respects the presen[t]
forms are suited for immediate & universal observance -

To R. Peter Esqre
Collector &c &c
Madura

Sir

I have just learnt with sincere regret from your Post office Writer that a Complaint has been preferred against me to you by your Salt Amildar - As I did Intend forwarding a Complaint to you against the Salt Amildar, and only defferd doing so, thinking Mr Harrison your assistant would compromise the business - without giving you any trouble as Mr H. has left this without speaking to the Amildar being too unwell to attend to business and as I have only this minute been informed of the complaint having been made against me, I now hasten (however most repugnant to my wishes) to lay before you for your candid and impartial decision the circumstance as it really and actually occurred on my word of honor - your Salt amildar sent me a Duffadar in a beastly state intoxication to say that he was sent by the Amildar to desire I would immediately give him a Guard to escort public Revenue Money hence to Madura. this Duffadar named Meera Hussain not only came to me in a most disrespectful and insolent manner, but bounced into my bed room with the greatest sang froid immaginable where I was reclining on my Couch. I told the Duffadar to go and give my Salam to the Amildar & tell him I wished to speak to him - accordingly on the amildar waiting on me, I told him that it was certainly his duty to wait on me when he required a guard to tell me the amount of the Sum of Money he had to send and the strength of guard he required, the amildar replied in the presence of Tannapah Post office Writer and my Servants, that he had positive orders from you not to tell me the Sum of Money he had to send and that he would not inform me what money there was. Neither would he waits on me personally I therefore told him that as I was responsible for the Money being safely delivered to you and as I could not give a Guard for a Sum of money the amount of which I was totally unacquainted with that I expected when he required a Guard that he should wait on me himself and inform me the Amount of Money he had to send and that I should then furnish him with a guard of sufficient strength to protect the money on my telling the amildar

39 (7)

amildar I should make a complaint to you. he then after considerable delay condescended to tell me the amount. The amildar and Post office Writer saw the Duffadar Meera Hussain in his state of intoxication and I have also Witnesses substantiate the proof of my assertions please have the gooness to excuse my having thus trespassed on the limits of your time and patience. and hoping you will do me every Justice on the occasion –

To R. Peter Esqre Collector of Madura

Sir

Para 1st I have to acknowledge the receipt of your letter of the 18th Instant, and I have the pleasure to inform you, that every record we have been able to meet with regarding the Khooshacoorchy Maghanum has been delivered to the Tassildar you were pleased to send to Trichinopoly—

2d For your information I do myself the honor to send you, a statement in English of the Settlement, Collection and Balance of this unfortunate Mahanum since the assump=tion of the Country to the end of Fusly 1223 and I have to request you will do me the favor to order your Tasildar to remit to the Cutcherry of the Peshcar at Ellapoore any sums of money he may recover on account of the Balances, accompanied by an Irsalnamah particula=rizing the years for which the Collection may have been made—

3d The Kooshacoorchy Mahanum has suffered so severe for the last five years from Fever and other causes, that I am apprehensive the greatest part of the balance now standing against it must be deemed irre=coverable; the Settlement of 1223 however has been made correspondent to the wishes of the Inhabitants, without paying strict attention to the Cultivation and merely attending to the means they possess of payment as such I trust that the balance due for the fusly just expired Chuckrums 1081. 5. 7 will be recovered without much difficulty in the course of Fusly 1224—

Chuckrums 13095. 3. 30 (Chs. Fs. Cs.)

4th I am sorry I am prevented meeting your wish of sending a Teerwah dittum, no such thing being in this Cutcherry, I must therefore beg leave to refer you to the accounts of the several Settlements of the Mahanum, in which the Teerwah of each Class of Lands is distinguished

5th The Jummah bundy accounts have been delivered to the Huttum Tassildar

Trichinopoly 28th July 1814 — (Signed) G. F. Travers Collr.

It being in contemplation to Establish a General rule for exhibiting in the Public accounts a correct view of the Cavaly and other Police Revenue of the Country, which it is supposed has hitherto been for the most part if not wholly blended with the common produce of Land Revenue, I have to request that you will transmit to this office a complete Statements of the actual produce of those soures of Revenue in the past fusly 1223 accompanied by an explination of the manner in which the amount was brought into the public accounts hitherto forwarded to this Department, and any other remarks that may suggest themselves to you with reference to the object for which the statement is requested —

2d. Should any payments be made by you on account of the Cavaly Collections you will be pleased to forward a statement of them with explanation similar to those required on the Statement of the Receipt

Fort St. George Acct Genl office 11th August 1814— (Signed) J. Garrow A. G.

Remarks on the Accounts of the Collector of Madura and Dindigul for the Month of May last—

In the credit side of the Account Current and abstract the amount of Salary and commission paid for 1814/15 is erroneously entered as for 1813/14 the former year commenced with the Month of May for which the Sum charged was drawn—

The seperate Account Particular for the Bazar rate of the coins composing the Balance is unnecessary—

The Collector should endorse the titles of the account current Abstract and Account Particular on the outer fold of those Documents and not in the middle of the 1st side of those Documents—

To R. Peter Esqr. Collector of Madura

Sir,

Doubts having arisen by Several Officers as to the allowances on which the centage on account of Civil Fund adverted to in my letter of the 16th Ultimo should be calculated upon I think it therefore necessary to State for your more particular information that the Centage on account of Civil Fund should be calculated on the allowances only that are applicable to the act of Parliment that is Salary & Commission Deputation allowance and Fees, and not on Tent allowance, House rent, nor Stamp Commission, which are considered as mere Contingencies.—

The stoppage should be made from the allowances that become due from the 1st of July last, as they are drawn and not on any that may have been due prior to that date—

As it would appear the G. O. of Government under date 24th December 1811, directing that all charges for Batta or other extra allowances to Troops employed on Revenue or Judicial purposes Shall be paid by Military Paymasters, has not been generally known I take this opportunity of requesting that no payment of that description may be made by you from the 1st Instant—

To the Collector in the Zillah of Madura

Sir,

I have to acknowledge the receipt of your letter address'd to the Acting Judge under date 2d. July 1814 together with its enclosure

I have now the honor of transmitting to you a List of the Numbers correspondent with the one forwarded by you to the Judge, with explanations for the causes of non levy of the amount for the Copies of Decrees in each respective Cause, as well as shewing the amount levied and paid into your Agents hands since the date of your application

Clause V. of Section IV Regn. IV A. D. 1808 directs that all copies of Decrees shall be written on Stampt Paper bearing the highest rates of duty; and refers to Section XXVII Regulation III A. D. 1802 which enforces the preparation of such Copies within a limitted time, for the purpose of being tendered in open Court to the Parties or their Vakeels – Section XXX Regulation VII A. D. 1804 also enacts that the Copies of Decrees be ready for delivery or tender to the Parties, and adds further that from such tender or delivery of the Copy of Decree, is to be calculated the period within which an appeal against the decision can be made –

Although I am aware that clause V Section IV

Regulation

Regulation VII A. D. 1808 directs that Registers to Civil Courts shall be careful to levy the Amount of such stamp Paper, yet as I am ignorant of any Regulation extant which orders the amount to be paid before the Copy can be taken, and as the Regulations direct that all cost of Suits and other charges shall be stated in the Decree and levied accordingly; and since it frequently occurs that Paupers and others concerned, neglect to take out such copies I am apprehensive the exaction of such duty must in these instances be impracticable; until some specific Regulation be passed for the same —

Respectable Sir,

I beg leave to inform you that in Consequence of the very particular instructions sent to me, by the Acting Surveyor General, respecting the very minute manner in which the features of the Country, is to be defined, in future, as well as a particular Memoir of the Survey to be described - The nature of the Task, being important, but difficult to ascertain with any degree of precission from our personal investigation; as the Inhabitants of the country will endeavour to conceal from us, as much as possible the information absolutely required from them -

I therefore humbly take the liberty to solicit that, you will be pleased to attach with me an intelligent native man for procuring the required particulars, whose services on this occasion will in every respect be very useful to us. Having a native man with me, who was engaged in collecting the information of the Provinces we have had recently surveyed - May I humbly beg leave to recommend him to your goodness that he may be employed with me from the first of this Month on a Salary of four Pagodas per mensem -
